(1) The increase of ten total Securities Claims between May 17, 2023 and today is due to amended claims filed by Securities Claimants which were originally incorporated into a bulk claim.

(2) Of the 877 declined claims, 647 claims are claims which, to the Reorganized Debtors' knowledge, are represented by RKS. The remaining 230 declined claims belong to 131 claimants or claimant groups. The increase of declined offers from 147 on May 17, 2023 to 877 today is largely due to declines by RKS claimants.
